Handle drop approximately 270 mm

Leather lining

Product NOT for sale outside Italy

No cleaning product should be used on this type of superior quality leather. To clean the bag, always use a damp cloth, and then leave it to dry. The bag can also be cleaned with a damp cloth. If it is absolutely essential to use a product to clean the item, use products with a low lanolin content, or else specific products for exotic

leather.

The item is made from carefully selected fine quality leather Made in Italy, whose exceptional softness and suppleness arises from the type of process applied to the leather. This means that the item may get scratched or scuffed. Its hammered and irregular surface is part of the natural character of this type of leather and is synonymous with quality. Wipe the leather with a tepid damp soft cloth.
